inspectorMAN

www.bosch-data.de

- Setup inspectorMAN
- Setting-up an embargo
- working at documents

setup inspectorMAN

- Setup the inspectorMAN
 - setup the number series
 - enable background check, without getting popup messages
 - enable checkup for sales or/and purchase

The screenshot shows the 'inspectorMAN Setup' interface. At the top, there is a navigation bar with a back arrow, an edit icon, a share icon, a plus sign, a trash icon, a 'Saved' status, and three additional icons. The main title is 'inspectorMAN Setup'. Below the title is a section titled 'General'. Under 'General', there are four settings: 'Embargo Nos.' with a dropdown menu showing 'EMB', 'Background Check' with a toggle switch that is currently off, 'Check for Sales' with a toggle switch that is currently on, and 'Check for Purchases' with a toggle switch that is currently off.

- Setup the inspectorMAN
 - error handling messaging with check document and additional warning
 - enable also automatically deletion for warning messages after defined period

The screenshot displays the 'inspectorMAN Setup' configuration page. At the top, there is a navigation bar with a back arrow, a pencil icon, a share icon, a plus sign, a trash icon, and a 'Saved' status indicator. Below the title, the 'General' section is visible. The 'Error Type Assignment' section is expanded, showing two columns of dropdown menus. The 'Embargo Lines' column includes 'Item', 'Item Category', 'Resource', 'Tariff No.', and 'Keywording', all set to 'Error'. The 'Embargo Relationships' column includes 'Customer', 'Vendor', and 'Country', also set to 'Error'. The 'Warning Log' section at the bottom features a toggle switch for 'Automatic Deletion' which is turned on, and a 'Deletion Dateformula' field containing the value '90D'.

Embargo Lines		Embargo Relationships	
Item	Error	Customer	Error
Item Category	Error	Vendor	Error
Resource	Error	Country	Error
Tariff No.	Error		
Keywording	Error		

Warning Log

Automatic Deletion Deletion Dateformula: 90D

setting-up an embargo

setting-up an embargo

- create an embargo with individual parameters (e.g. start / end date, description...)
- specify the type – permitted or not permitted
- if you are ready, set the status of active

Embargo Card | Work Date: 28.01.2027

EMB10001

- assign customer, vendors and countries to an embargo

setting-up an embargo

- create keywords in the keyword list for filtering descriptions again those settings
- you can select them on the embargo lines FastTab
- optimization search by using regular expressions at the description field

The screenshot shows a mobile application interface for managing a 'Keyword List'. At the top, there is a back arrow, the title 'Keyword List', and a 'Saved' status with a checkmark. Below the title is a toolbar with icons for search, refresh, and actions: '+ New', 'Edit List', and 'Delete'. On the right side of the toolbar are icons for share, filter, and list view. The main content is a table with two columns: 'No. ↑' and 'Description'. The first row is highlighted in light blue and contains the number '1' and the word 'Shelf'. The second row contains '2' and 'Sensor'. The third row contains '3' and 'Ladekabel'. The fourth row contains '4' and 'Chip'. There are empty rows below the fourth row.

No. ↑	Description
→ 1	Shelf
2	Sensor
3	Ladekabel
4	Chip

setting-up an embargo

- archive an embargo record the changes you make
- setting-up a new, copy embargo from archive or copy embargo lines from active embargoes

working at documents

working at documents

- embargoes are ready for sales and purchase. Use them to protect yourself against sanctions of foreign countries.
- At the sales order entry, document check* identifies the sanctions of an active embargo

The screenshot displays a user interface for document checking. At the top, there are two tabs: 'Details' (selected) and 'Attachments (0)'. Below the tabs is a section titled 'Document Check' with a dropdown arrow. Underneath, there are two teal-colored boxes: the first shows '2' for 'Issues Total' and the second shows '3' for 'Warnings Total'. Below these boxes is a 'Refresh' button. At the bottom, there is a section titled 'Issues' containing two lines of red text: 'Item 1996-S is on an embargo list (EMB1001).' and 'The tariff number 9403 30 19 of Item 1996-S is on an embargo li...'

**the document check needs to be enabled to inform users by messaging of warnings*

working at documents

- on the lines FastTab, entries for items and ressources will also be checked
- dependend on your settings, the system appears messages to inform the user about a running sanction

Thank you very much!
